

## CHANGING YOUR OPINION OF CLASSROOM ASSESSMENT.

You don't have to be a mind reader to understand what your students are thinking. Ask your students their opinion about Shakespeare's "Romeo and Juliet", or quiz them on Einstein's famous equation. Give all of your students a voice in the classroom.

Promethean's new class of assessment device allows students to express themselves - through words, phrases, symbols, and numbers - and instantly share with the entire class.

Activexpression provides direct communication and contribution to the teacher and the Activboard. And, with the intuitive design, students are instantly engaged and ready for each lesson.

During lessons students contribute their thoughts and opinions. Teachers assess their knowledge and determine understanding of a topic. Results can be used for lesson planning and to evaluate progress.

Capture the thoughts and energy of your students. One click and you've got the information you need.

## AND ADD

Our Activ range of products are designed to work easily with each other, in a package to suit you...

**Activboard** Our market leading, full function interactive whiteboard provides 100% mouse functionality. Available in 50", 64" and 78" versions as well as the latest 95" widescreen format.

**Activslate** Interact with the Activboard with our wire-free 'mini-board', small enough and tough enough to pass around the class or allow the teacher the flexibility to move around the classroom while teaching.

**Activtablet** Connected to your computer, it acts just like a small Activboard. Great for drawing, designing lessons or tracing where you need to use a pen away from the Activboard.

**Promethean Learning** Online training and professional development available at [www.prometheanlearning.com](http://www.prometheanlearning.com).
